RCD Components Releases Industry's Most Comprehensive 'Single Source' Passive Component Catalog

Manchester, NH – October 24, 2003 – RCD Components Inc., a leading manufacturer of passive components, today announced the release of its 2004 Full-Line Catalog redesigned to help design engineers, purchasing agents make faster and more informed buying decisions. RCD's new catalog boasts more than a 100 new passive product types, providing the industry's most comprehensive single source for high quality passive products.

RCD's new 116-page catalog redesign has a fresh new look, and features many enhancements, including improved product indexing, expanded performance graphs and product application notes. "Our new catalog is the result of extensive customer research and input that provides our customers with more than just an ordering tool but an invaluable resource," said Al Arcidy, vice president of marketing.

RCD's new catalog redesign characterizes a year of accomplishments for the manufacturer, which celebrated their largest product expansion in its 30-year history.

Print copies of RCD's new catalog is available at no charge from www.rcdcomponents.com or by calling 1.877.RCD-COMP (723.2667). The catalog datasheets are also downloadable from their website.

Acknowledged throughout the electronic components industry for its service and engineering excellence, RCD Components Inc. is one of the world's leading manufacturers of Resistors, Capacitors, Coils, and Delay lines. RCD was founded in 1973 and is headquartered in Manchester New Hampshire, USA, with plants in Europe, the Caribbean, and the Far East. RCD continues to be one of the fastest growing passive component manufacturers due to its ABZED™ Absolute ZERO Defect guarantee, fast turnaround on non-standard products, and inventory in excess of 2 billion components.
