PRESS RELEASE

AT EDS, RCD INTRODUCES LOW COST PRECISION THIN FILM CHIP INDUCTORS - SERIES TFI

Manchester, NH – May 15, 2007 – RCD Components Inc., a leading manufacturer of passive electronic components, has announced to RCD's Distributors and Representatives at EDS the introduction of the TFI Series of thin film surface mount inductors. RCD's latest series is the result of 34 years of precision thin film experience and offers low cost yet superior temperature stability, high Q and inductance tolerances to 1%, in sizes as small as '0201', with an .01" X .005" size in development. Series provides engineers with a low-profile precision product that is ideal for critical circuits. The TFI series is also excellent for use in high frequency circuits, GPS, VCO, TCXO, wireless LAN, Bluetooth modules, filters, and various communications devices, etc.

Pricing for a 0402 size at 10nH 2% (TFI0402-10N-GTW) starts at \$.03 each in 2 reel quantities, with deliveries initially at 6 to 7 weeks, with shorter lead-times available.

For specifications or RCD's 2007 catalog, contact RCD Components Inc., at 520 East Industrial Park Drive, Manchester, NH USA 03109. Phone: (603) 669-0054, Toll Free Hot Line: (877) RCD-COMP, Fax: (603) 669-5455. Detailed product specifications are available from RCD website at www.rcdcomponents.com or by requesting specs or catalog from marketing@rcdcomponents.com.

Acknowledged throughout the electronic components industry for its service and engineering excellence, RCD Components Inc. is one of the world's leading manufacturers of Resistors, Capacitors, Coils, and Delay lines. RCD, founded in 1973, continues to be one of the fastest growing passive component manufacturers due to its **ABZED™** **AB**solute **ZE**ro Defect guarantee, fast turnaround on non-standard products, including it's exclusive **SWIFT™** service for delivery of non-standard and non-stock items in as little as 3 days, and inventory in excess of 2 billion components.
